

A SNAPSHOT OF ROSEVILLE PUBLIC SCHOOL IN 1998

There are six hundred students in twenty-one classes, from Kindergarten through to Year 6. We have a non-teaching Principal and Deputy Principal and twenty-eight full time teachers.

In 1994 a \$2.5 million refurbishment was completed, the only major structural change to the school since 1927. It provided:

- a large library and resource centre
- a multi purpose hall
- a canteen
- an administration and staff room
- toilet facilities

New buildings, 1994.

The Parents' and Citizens' Association funded landscaped gardens, which includes open play areas, providing an imaginative play space and outdoor learning areas. Parent working bees maintain the grounds.

School grounds, 1998.

Outdoor learning area, 1998.

A computer laboratory with thirty computers and a mini computer laboratory in the library with fifteen computers have been established. There are computers in every classroom, which ensures that all children in the school have access to the latest technology.

The Senior Band, 1998.

Students have the opportunity to join dance and drama groups, the debating team, the choir and the highly successful band programme.

Art activities in the class room, 1998.
